FURNITURE POLISH

Helps protect wood furniture and other surfaces while you clean! Institutional lemon PLEDGE® picks up dust, shines, and polishes... All in one step!

- **Actually repels dust** - The dustblock formula leaves no polish or waxy build-up. PLEDGE reduces dust accumulation to help preserve and maintain the beauty of your furniture.
- **Shines, dusts, and cleans** - There is no need for another polish/cleaner or extra cleaning steps. Institutional formula PLEDGE is ideal for the heavy traffic in commercial, industrial, and institutional buildings.
- **Protects and polishes** - Special formula PLEDGE cares for wood furniture; it hides smears, and helps protect against ordinary wear, water spills, and stains.
- **Not just for wood furniture** - PLEDGE adds a "like new" sheen to cabinets, paneling, baseboards, vinyl and leather, as well as all fine wood furniture.
- **Fresh fragrance** - PLEDGE not only moisturizes wood, but its crisp, clean scent makes it a pleasure to use.
- **Simplified Training** - Training is now easier with PLEDGE labeled in three languages - English, French, and Spanish.
- **Contains no CFCs.**
- **Packaging** -
 Product Code Pack
 94430 6/17.7oz 502g aerosol cans per case.
- **For best results** - Hold container upright and spray surface from about 8 inches/20 centimeters away. Wipe immediately with clean, soft cloth. If the wood finish is very old or unknown, first try on an unnoticeable area to check results.
